the artifical confusion spread by the reactionary press, have shown their deep concern for the fate of the world.

Still, you must have heard on the radio the latest statements made by Commade Fidel about the current international crisis. In connection with the arguments of the Soviet Government, in connection with the efforts they are making to maintain peace, still recognizing the Cuban people's sovereignty to choose the course they wish, the Premier of the Soviet Government informed the President of the United States that he was willing to order the transfer to the Soviet Union from Cuba of the arms Kennedy says are worrying him. Kennedy gives a guarantee he is not going to invade the Republic of Cuba. Our people do not have a oad memory, and our people remember those very same words, spoken very solemnly, a few days before the mercenary imperialist attack on Playa Giron. (Applause) Therefore, Comrade Fidel issued the following declaration:
